*To Mrs. Cristine Thomposon-  
Bulgarian Aid Foundation*

*Dear Mrs. Thompson,*

*As a head of Naval hospital-Varna I would like to thank You for Your contribution to our Hospital. Every piece of the donation of materials, that we received by Your foundation was in very good condition and no matter, that some of them were past their expiration date, all will be very useful for most of our hospital units.*

*A person like You make us feel more confident in a critical period for our healthcare system. The benefits of Your donation for the hospital is not for us, but for our thousands patients, who seek relief for their diseases. So I won't be wrong if I also thank You on their behalf. This was the first time Naval hospital has received donation from Your foundation. As the crisis is still present and the needs of the hospital constantly grow, we would be grateful if you continue working with us.*

*Finally I would like to wish You good health and strength for Your work in the field of humanity and to thank You again sincerely.*

*Sincerely Your:.....*

*Col I. Vazharov, MD, PhD*
